REPUBLIC SPECIAL. of Knoxville, Tenn., who is accompanied by his mother, Mrs. Davis, is in Richland making claim to the ownership of property in this city, which has many times changed hands. One piece of this property is the block in the heart of the handsome rest-

block in the heart of the handsome residence portion of the city.

Robert Parrott, father of the claimant, who is remembered by many of the old citizens here, died in Richland something over twenty years ago. He had been the owner of the property now in question. His son's claim is that it was never sold, and that its present owners have no title whatever thereto, and to determine the matter has employed counsel to take it into the courts. The claimant in a step-brother of Mrs Casper S. Yost of St. Louis, whose husband is a member of the Globe-Democrat's editorial staff. She was Parrott's daughter by his first wife. Should the claim be made good she will be a joint heir to the property with Parrott.

### MRS. BECKHAM IMPROVED.

Physicians Now Entertain Hope for Her Recovery.

Frankfort, Ky., Aug. 22-Encouraging reports of the condition of Mrs. Beckham egan to emanate from the mansion early this morning. At 4 a. m. her temperature began to go down materially and throughout the forenoon she rested well, sleeping a part of the time. At noon her temperature was almost normal, and by 2:30 it was entirely so. The attending physicians have the highest hopes of her recovery. There was nothing resterday upon which hopes of such a change could be based, and the condition of the patient is a delightful surprise to every one. All of the near relatives of Governor and Mrs. Beckham are at the mansion, and several trained nurses are in constant attendance. Déctor Cartledge of Louisville was absent to-day after 19 this morning, but returns to-morrow. #### WANT TO DIVIDE THE SYSTEM.

Pennsylvania to Take Eastern and Missouri Pacific Western Division-Frisco Bonds-Operating Circular-Notes.

REPUBLIC SPECIAL New York, Aug. 22-The Mail and Ex-

press says: The facts in regard to the negotiations between the Pennsylvania and Gould Interests for the disposition of the Wahash and

the Pittsburg line are these: "A proposition has been made that the control of the Wabash be held jointly by the Missouri Pacific and Pennsylvania, with the understanding that the lines east of Chicago and St. Louis, excepting the Chicago-St. Louis division of the Wahash, be operated by the Pennsylvania, and the lines west of those points, together with the Chicato division, be taken by the Missouri Pacific. No physical separation of the Wabash will be made, but it will be operated in two

\$3,500,000 A debentures and \$35,500,000 B debentures, in exchange for a new 3½ per cent bond. The A's, it is proposed, are to be exchanged at par and the B's are to be

allowed 80 in new 3½ per cent bonds.

This proposition was made before President Cassatt went to Europe, when there

other company, secured by first mortgage on the Omaha Railroad, to an amount not ex-ceeding \$3,00,000, the bonds to bear interest at a rate not to exceed 3½ per cent.

This proposition also provides that all of these bonds not required in the purchase of the Omaha and St. Louis Railroad Company and in the discharge of existing liens there-on shall be the property of the Wabash Railroad Company, and the proceeds of not less than \$50,000 thereof shall be expended in the betterment of the Omaha and St. Louis Railroad and in the acquisition of new equipment for that line.

PRISCO REFUNDING BOXDS.

Alletted to St. Louis Market.

Of the \$55,000,000 of 4 per cent fifty-year gold bonds issued by the St. Louis and San Francisco Railroad, \$25,000 have been issued to retire underlying bonds and for refunding purposes. Of these bonds J. & W. Seligman & Co. of New York City secured about \$50,000 000, the balance being reserved for exchanse by holders of the A. B and C bonds of the Frisco, which mature in 1805.

The Mississippi Valley Trust Company and the Attheimer and Rawiings Investment Company have secured for St. Louis and the vicinity \$2,00,000 of these bonds, which they are now placing.

President B. F. Yoakum of the Frisco system, in explaining the nature and object of these bonds, said:

"Upon the ultimate completion of the refunding the saving to the railroad company thereby will be about \$70,000 per annum in fixed charges, and the refunding bonds will then be secured by absolute first lien upon 1,902 miles of railroad and the equipment; and when all the A. B and C bonds (which mature in 1506, and more than 69 per cent of which have been carchanged the refunding bonds will have the security of the first lien of these bonds on the main stem from Pactice, thirty-four miles west from St. Louis.

The railroad company has just taken over

Pacific, thirty-four miles west from St. Louis.

"The railroad company has just taken over the newly constructed main line, extending south from Sapulpa, I. T., at the junction of the Southwestern and Central divisions, to Denison, Tex., and has trackage rights to Sherman, Tex., from Denison, where important traffic and trackage connections have been and are being made; and it is believed that the earnings from the new line will result in largely increasing the gross and net earnings of the system.

"An extension of the system from Sherman to Carrollian, Tex., is now under construction; and Carrollion the new line will connect with the St. Louis Southwestern Railroad, over which trackage rights to Fort Worth have been granted under an advantageous contract. This line will be completed in the autumn of this year. Report of Committee to General Pas-senger Agents' Association. At the special meeting of the St. Louis Association of General Passenger and Ticket Association of General Passenger and Ticket Agents, held in the Fullerton building yesterday afternoon, no definite action was taken on the subject of transportation charges for troops over bridges where the prices are "arbitrary." A committee, consisting of E. A. Ford of the Pennsylvania. O. P. McCarty of the Baltimore and Ohio Southwestern, and W. J. Lynch of the Big Four, submitted a report citing the rulings heretofore made by the Comptroller of the Treasurer and recommending that the entire matter be referred to the legal counsel of the various lines, as the main question involved was one of law. A further recommendation was made that, as soon as possible, the rates to St. Louis and East St. Louis be made the same.

Talk of drought had cast a gloom over the local dealers, but the lateness of the cotton crop in the South, they say, has been responsible to a great extent for the lateness of the arrival of buyers.

While this year's sales will be as high as last year's, they will not show the average increase that has been noticed in former seasons. St. Louis in this respect, however, has been fortunate, as reports from other large cities say the buying is not nearly

### OPERA AT MUSIC HALL.

Rumor Persists in Connecting Manager Southwell With Project Persons enjoying the confidence of Mana-ger Southwell of Delmar Garden say he proposes to keep intact the company which is now playing there and will conduct, with that material a winter season of opera at Music Hail along the lines followed by the Castle Square Opera Company with great success for several years in St. Louis. If Manager Southwell carried out the rumored project it would bring his aggregation in direct competition with the Castle Square Opera Company, which proposes to play at the Century Theater late in the season. Friends of Manager Southwell are vigorously urging this course upon him and declare their conviction that his venture would achieve as marked a success as that attained by the Castle Square Company in past years. s now playing there and will conduct, with past years.

Manager Southwell, when questioned last night as to his intentions, denied that definite conclusions had been reached with regard to plans for the winter for Maude Lillian Berri, Frank Moulan or himself, "My friends are urging me to conduct a season of opera at Music Hall, but I have not yet determined on my course," he said.

MANY NEW VOICES ARE ADDED. Second Rehearsal of the Exposi

tion Festival Chorus. The second rehearsal of the Exposition Festival Chorus was held last night at the Collseum, under the direction of Mr. Fischer. Many new members were enrolled in spite of the untoward weather at the time of the beginning of the rehearsal. Only one of the new songs were taken up last night, as Director Fischer took particular pains to drill the altos in the two which were studied at the first rehearsal.

Music Manager Rice says there is a disposition on the part of the public to think that it is necessary to be a cultivated musician to join the chorus. While these are welcome, he wishes to announce that everyhody who cares for singing will be admitted—provided, of course, that there is some voice. The next rehearsal will take place on Monday evening in the Collseum at a o'clock. The second rehearsal of the Exposition

## ON THE TRAIL OF PIRIE'S SLAYER.

Ferguson Officials Confident That Criminal Will Be Apprehended Speedily.

That the murderer of Andrew H. Pirle. who was shot at Ferguson on the night of June 29 last, soon will be lodged behind the bars the officials at Ferguson and the heads of the St. Louis Police Department no longer doubt.

Delay in arresting the negro suspected of the crime is caused by a temporary lack of funds necessary to send an officer after him. This disability promises to be of short duration, as Mayor Reid of Ferguson said he would call the Town Board together and ask it to appropriate a reason-able sum.

Detective Allan W. Wilkinson of Chief Detective Alian W. Wilkinson of Chief Desmond's staff was approached by a Levce negro named Henry Jones some time ago and asked concerning the reward in the Pirie case. Jones said he believed he knew the man who murdered Pirie, and his description of this man tallied exactly with that given by John Woolman, who saw the murderer at a distance of twenty-five feet. Jones said the man he suspected, who was a boyhood friend of his, showed him the day after the murder Mr. Pirie's watch. a boyhood friend of his, showed min the day after the murder Mr. Pirie's watch.

Jones said the suspect told him he was going to the Indian Territory, and before going said he had killed Pirie.

Mayor Reed said yesterday that the town was ready to send after the man, and that no expense would be spared in an effort to capture him. As soon as the fund now set apart is exhauated, it will be replenished, if necessary, by private subscription. Mr. Reid says that any reasonable amount of money can be secured in Ferguson within two hours.

The Perguson officials have run down many false clews, and, as a result, are chary about seizing on every tip given them, but they are satisfied that the negro Jones is telling a straight story. The Town Board will meet next Monday night, and an officer probably will be detailed to go after the alleged murderer.

REVOLVER IN BONINE CASE. Officers Are Seeking Evidence a

St. Joseph, Mo.

REPUBLIC SPECIAL. St. Joseph, Mo., Aug. 22.-The Washingto D. C., police believe they will be able to prove that the revolver with which Mrs. Lola Ida Bonine shot James S. Ayres, a pension clerk in the Kenmoor Hotel, May Lola Ida Bonine shot James S. Ayres, a pension clerk in the Kenmoor Hotel, May 16, last, didn't belong to Ayres, but was sent to Mrs. Bonine from this city.

Detective M. R. Muller of the Washington police force arrived in St. Joseph this morning, bringing with him the pistol which killed Ayres. It has been identified by G. M. Voltz, who runs a pinting shop on Francis street, as a gun that he renickeded several months ago. An anonymous letter was sent from this city to Richard Sylvester, Mayor and Superintendent of Police at Washington, dated August I. in which it was stated that the revolver used by Mrs. Bonine was purchased in this city by her brother, Jewell Henry. This information was received from the national capital by Chief Frans of this city August It, and the detectives soon learned that James M. Cornett, an employe of Curtin & Clark, hardware dealers, had sold a revolver to Henry last spring. Cornett told the officers that the gun he sold had a certain screw so battered that he could easily identify it. When the Washington detective came the police looked for the specified servey, and it was battered, as Cornett stated, but he said he would not identify the weapon positively. Volz was then visited and he identified the gun as one he had werked on, but could not state who brought it to him.

When Henry was asked for a statement, he said: "They can say all they please. I do not care to discuss the matter now."
